

# Cloud

## Farming App Stacks

Grow your business

If you are an existing cloud user or looking to adopt a cloud package to run your business, apps can not only assist your business run more smoothly but give you the foundations to grow your business too.

## Where do I begin?

- Begin with a discovery meeting with one of the MT Cloud team. Here we will explain the benefits of cloud and understand you and your business better.

## Do I need teaching?

- As part of the MT Cloud vision we will happily assist and teach you wherever you feel is necessary. It doesn't stop there – support is always available when you need it.

**“ Growing your business doesn't mean creating lots of additional paperwork, especially with the right app set up. ”**

## Apps to help your rural, farming or agricultural business prosper

- Control/manage your farm in one place.
- Save hours by automating lots of processes, allowing you to spend more time on your business.

Leading cloud-based farm financial management system. Designed to provide farmers and their advisers with real time production tracking, budgeting and reporting information.

The logo for Farmflo, featuring the word "Farmflo" in a white sans-serif font inside a white rounded rectangle, which is set against a blue background.

Farmflo

Farmflo is a farmer-friendly system designed to improve the speed and accuracy of keeping farm records for compliance reporting and traceability.

## Keep track of your assets

Asset.Guru integrates to Xero and empowers companies, farms and not for profits to leverage: what you own, where it is and what it's worth. It's a 100% cloud-based asset management system.

# Save time, less bookkeeping with a data processing app

- Photo and upload receipts directly to your accountancy software.
- Reduce paperwork storage by keeping it in the cloud.

Reduce time spent inputting bills and expenses. Simply scan, photo or forward an email.

Reduces data entry by accurately capturing information from bills and receipts and publishing it to Xero; making it easy to match transactions to the Xero bank feed.

Automates data entry, analysis and document storage of all your bills, receipts, sales, bank and credit cards.

Help us, help you - pick a cloud package that suits your needs.
